Key Findings & Highlights

Larsen & Toubro Infotech (LTI) has delivered consulting and IT services to the BFS industry for two decades. The BFS industry accounts for 33% of LTI revenues. LTI's cloud practice across all industries has 240 active clients and employs 7.5k cloud practitioners. LTI's cloud practice focuses on user experience, multi-cloud governance, operations security, and cost optimization.

On November 14, 2022, LTI and Mindtree combined into one entity named LTIMindtree. Refer to the Mindtree profile published Nov. 9, 2022 for information on Mindtree's business. Each vendor's profile for this market assessment is based on interviews made before the merger. The vendors have little overlap in BFS offerings and clients. The merger provides an opportunity for the combined entity to cross-sell services to the other vendor's clients.
