Contents of Full Report

Who is this Vendor Assessment for?

NelsonHall's cognitive & self-healing IT infrastructure management services profile on Mindtree is a comprehensive assessment of Mindtree's offerings and capabilities, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of digital services and cognitive & self-healing IT infrastructure management services and identifying vendor suitability for RFPs

- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers

- Financial analysts and investors specializing in the IT services sector.

Key Findings & Highlights

In calendar H2 2022, Mindtree completed its merger with LTI; the companies now operate under the name LTIMindtree. The report on Mindtree can be read together with the separate report on LTI for an analysis of the combined entity's cognitive & self-healing IT infrastructure management capabilities.

Mindtree focuses on user experience management, experience transformation, and infrastructure transformation services supporting cognitive and self-healing IT infrastructure management services. This is underpinned by an analytics-driven, catalog-based services, intelligent platform approach powered by AI/ML. Mindtree has developed a platform-led delivery construct aligned to business outcomes with embedded automation platforms, AI, ML, and DL. It delivers this through its CloudKnit Management Platform & Ops Model.

Scope of the Report

The report provides a comprehensive and objective analysis of Mindtree's cognitive & self-healing IT infrastructure management services offerings, capabilities, and market and financial strengths, including:

- Identification of the company's strategy, emphasis, and new developments

- Analysis of the company's strengths, weaknesses, and outlook

- Revenue estimates

- Analysis of the profile of the company's customer base including the company's targeting strategy and examples of current contracts

- Analysis of the company's offerings and key service components

- Analysis of the company's delivery organization including the location of delivery locations.
