Who is this Vendor Assessment for?

NelsonHall's 'Transforming Financial Services with Cloud, SaaS, and BPaaS Services' profile on Quantiphi is a comprehensive assessment of Quantiphi's offerings and capabilities for the BFS sector, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of Cloud, SaaS, and BPaaS processes and identifying vendor suitability for Cloud, SaaS, and BPaaS services RFPs
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the support services sector.

Key Findings & Highlights

Quantiphi started in 2013 and delivers IT engineering services focused on AI and data. It goes to market by industries, and financial services are its largest industry group. Initially, Quantiphi delivered only AI/Data IT services. At the start of 2021, it started its consulting practice to support roadmap development and change management capabilities for its clients. At the same time, it added managed services to support the ongoing management and improvement of the environments it has implemented. Next, it intends to build out a set of SaaS offerings for its clients to provide pre-packaged solutions for rapid installation.

Scope of the Report

The report provides a comprehensive and objective analysis of Quantiphi's BFS-focused Cloud, SaaS, and BPaaS service offerings and capabilities, and market and financial strength, including:

- Identification of the company's strategy, emphasis, and new developments
- Analysis of the company's strengths, weaknesses, and outlook
- Revenue estimates
- Analysis of the profile of the company's customer base including the company's targeting strategy and examples of current contracts
- Analysis of the company's offerings and key service components
