Who Is This Vendor Assessment For?

NelsonHall's Transforming Wealth & Asset Management Services Vendor Assessment for Quantiphi is a comprehensive assessment of Quantiphi's wealth and asset management services offerings and capabilities designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of intelligent automation processes and identifying vendor suitability for wealth and asset management services RFPs
- Vendor marketing, sales and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the support services sector.

Key Findings & Highlights

Quantiphi was founded by financial services industry executives and consultants to provide data and AI services to clients. Quantiphi's AI and ML solutions are delivered using cloud infrastructure, both on-premise, and off-premise. Quantiphi has provided services to the W&A industry since its inception. In the past year, the COVID pandemic has accelerated the growth of its W&A practice due to clients wanting to advance their operating platforms' migration to cloud delivery. The past year has seen a rapid increase in the number of W&A clients, as well as the expansion of Quantiphi's U.K. W&A client base.

Scope of the Report

The report provides a comprehensive and objective analysis of wealth and asset management services offerings, capabilities, and market and financial strength, including:

- Identification of the company's strategy, emphases and new developments
