Who is this Vendor Assessment for?

NelsonHall's Cyber Resiliency profile on TCS is a comprehensive assessment of TCS' offerings and capabilities, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of cyber resiliency services and identifying vendor suitability for Cyber Resiliency RFPs
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the cyber resiliency sector.

Key Findings & Highlights

This NelsonHall vendor assessment analyzes TCS' offerings and capabilities in Cyber Resiliency.

TCS aims to provide end-to-end cybersecurity services from consulting to implementation and professional services, and managed security services. This security portfolio is supported by the company's modular Security as a Service platform, which integrated its prior security solution stack.

TCS has ~625 clients in the cybersecurity business, supported by 15k security professionals.

Scope of the Report

The report provides a comprehensive and objective analysis of TCS' Cyber Resiliency offerings, capabilities, and market and financial strengths, including:

- Identification of the company's strategy, emphasis, and new developments
- Analysis of the company's strengths, weaknesses, and outlook
- Revenue estimates
- Analysis of the profile of the company's customer base including the company's targeting strategy and examples of current contracts
- Analysis of the company's offerings and key service components
- Analysis of the company's delivery organization including the location of delivery centers.
