

## Process Discovery & Mining Technology Evaluation

# AntWorks

### Report Abstract

May 2020

Bailey Kong

Digital Technology Analyst

NelsonHall

10-pages

### Contents of Full Report

1. Background
2. Revenue Summary
3. Key Offerings
4. Delivery Capability
5. Target Markets
6. Strategy
7. Strengths & Challenges
8. Outlook

## Who is This Vendor Assessment For?

---

NelsonHall's Process Discovery & Mining Technology Evaluation, provides an assessment of AntWorks' process discovery & mining platform designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of Process Discovery & Mining platforms and identifying vendor suitability for RFPs
- Process reengineering and RPA and intelligent automation center of excellence personnel evaluating process discovery & mining platform capability
- Vendor marketing, sales, and business managers looking to benchmark their platforms against their peers
- Financial analysts and investors covering intelligent automation and process discovery & mining platforms.

## Key Findings & Highlights

---

AntWorks offers Process Discovery, a solution that leverages user desktop interactions for business process improvement that offers:

- Process mapping & data capture
- Process analysis
- Process improvement
- Process monitoring.

AntWorks' AI engine can find tasks once these have been defined in a baseline recording by a process SME (Subject Matter Expert) or business analysts within recordings.

AntWorks Process Discovery is priced starting with a basic package that includes a license to the main platform and ten ANTLogger licenses.

Antworks Process Discovery is guided by the vision to solve automation scalability challenges for customers and to help them automate faster. Future product upgrades are planned with this vision in mind so as not to complicate end user's experience keeping the user personas in mind.

## Scope of the Report

---

The report provides a comprehensive and objective analysis of AntWorks' process discovery and mining capabilities, covering AntWorks Process Discovery's functionality for:

- Data collection
- Process analysis
- Process improvement
- Process monitoring
- Administration.

This report also assesses AntWorks' product development strategy and strengths and challenges.
