## Who is This Vendor Assessment For?

---

NelsonHall's Cloud HR Transformation Services profile on Capita is a comprehensive assessment of Capita offerings and capabilities, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of Cloud HR Transformation Services and identifying vendor suitability for security services RFPs
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the Cloud HR Transformation Services sector.

## Key Findings & Highlights

---

This NelsonHall vendor assessment analyzes Capita's offerings and capabilities in Cloud HR Transformation Services.

Capita plc (Capita) is a public company traded on the London Stock Exchange and headquartered in London, U.K. It is a provider of technology-enabled business process management and outsourcing solutions. Its Cloud HR Transformation Services are delivered through its People Solutions division, which is one of 6 divisions, full list below (with approximate share of revenue FY2019):

- Software (10%)
- People Solutions (14%)
- Customer Management (22%)
- Government Services (21%)
- Technology Solutions (20%)
- Specialist Services (20%).

Capita entered the Cloud HR Transformation Service market approximately five years ago, but it began providing HR services in 1997. In 2019 it restructured and its Workplace Services organization to create a "People Solutions" organization and appointed new leadership. Its newly structured People Solutions division has five departments:

- Pensions and benefits
- Learning; offering managed and bespoke learning services
- Resourcing; including RPO and skills development
- Army recruitment
- HR Solutions; including multi-process HRO.

Although there have not been any recent HR-relevant acquisitions, since 2001, Capita has a history of growing its HR services through acquisitions.

Capita offers Cloud HR Transformation services with a focus on the employee experience across all HR processes and developing workforce strategies that bring comprehensive HR oversight across learning, access to skills and experience. It uses real-time employee engagement and survey tools to assess the health of a workforce to design solutions and propose technologies.
