Who Is This Vendor Assessment For?

NelsonHall's procurement BPO profile on GEP is a comprehensive assessment of GEP's offerings and capabilities designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of procurement BPO services and identifying vendor suitability for Procurement BPO RFPs
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the support services sector.

Key Findings & Highlights

This NelsonHall vendor assessment analyzes GEP's offerings and capabilities in procurement BPO.

GEP is a U.S. headquartered procurement BPO, services and software provider founded in 1999 (as Global e-Procure) by four former consultants from Accenture and AT Kearney.

The company started out as a strategic sourcing consulting firm, before growing its offerings portfolio with proprietary software and procurement BPO services.

Today it is one of the largest procurement BPO providers globally.

Scope of the Report

The report provides a comprehensive and objective analysis of GEP's procurement BPO offerings and capabilities, and market and financial strengths, including:

- Identification of the company's strategy, emphasis, and new developments
- Analysis of the company's strengths, weaknesses, and outlook
- Revenue estimates
- Analysis of the profile of the company's customer base including the company's targeting strategy and examples of current contracts
- Analysis of the company's offerings and key service components
- Analysis of the company's delivery organization including the location of delivery locations.
