## Who Is This Vendor Assessment For?

NelsonHall's Transforming Managed Services in Banking Vendor Assessment for Kuliza is a comprehensive assessment of Kuliza's Managed Services in Banking offerings and capabilities designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of managed services processes and identifying vendor suitability for Managed Services RFPs
- Vendor marketing, sales and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the support services sector.

## Key Findings & Highlights

Kuliza is a software and services vendor that was founded to provide clients with a low code platform enabling solutions and services. Since its founding in 2006, it has delivered 120 digital implementation projects for clients and implemented solutions in over 75 engagements.

Since 2017, Kuliza has focused its efforts on its proprietary digital lending solution, Lend.In. The solution is a low code lending suite for lending institutions that allows lenders faster time to market for new products and easier implementation of emerging technologies. The platform is cloud-ready and delivered from public clouds. Since Lend. In's launch, over 30 solutions have been deployed. The solutions have processed 5m loan applications, which have resulted in \$700m disbursed to date.

## Scope of the Report

The report provides a comprehensive and objective analysis of managed services offerings, capabilities, and market and financial strength, including:

- Identification of the company's strategy, emphases and new developments
- Analysis of the company's strengths, weaknesses and outlook
