7. Strengths & Challenges
 - 7.1. Strengths
 - 7.2. Challenges
8. Outlook

Who is this Vendor Assessment for?

NelsonHall's Quality Engineering profile on Planit is a comprehensive assessment of Planit's offerings and capabilities, designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of QE and identifying vendor suitability for quality engineering/QA/testing services
- Vendor marketing, sales, and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the QE and IT services sectors.

Key Findings & Highlights

Planit is a QE pure-play headquartered in Sydney, Australia. The company had calendar year 2023 revenues of AUD 226m (~\$150m) and a headcount of ~1.8k. It mostly services the ANZ markets (~80% of revenues) and is also present in the U.K. The company services ~360 clients across ~20 verticals

The company addresses several sectors, including BFS, insurance, education, sports & gaming, transport & logistics, telecom & media, public sector (education), retail, and E&U. BFS, insurance, public sector, retail, and utilities & energy are its most important verticals.

The company is structured into five practices: QE, automation engineering, performance engineering, cybersecurity and assurance, and product development. Product development includes Planit's AI offerings.

Scope of the Report

The report provides a comprehensive and objective analysis of Planit’s QE offerings, capabilities, and market and financial strengths, including:

- Identification of the company’s strategy, emphasis, and new developments
- Analysis of the company’s strengths, challenges, and outlook
- Revenue estimates
- Analysis of the company’s offerings and key service components
- Analysis of the company’s delivery organization, including the location of delivery centers.
