Who Is This Market Forecast For?

NelsonHall's "Global Procurement Outsourcing Market Forecast: 2014-2018" report is a comprehensive market forecast report designed for:

- Sourcing managers monitoring the procurement BPO industry and identifying vendor suitability for shortlists and RFPs
- Executives seeking assistance in identifying levels of procurement BPO vendor presence by geography
- Vendor marketing, sales and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the support services sector.

Scope of the Report

The report provides a forecast for the global procurement BPO market overall and by service line. It covers the following:

- The procurement BPO market size for 2013 and the forecast for these markets through 2014 to 2018
- The procurement BPO market size and forecast for North America, specifically covering the U.S. and Canada; EMEA, specifically covering U.K., France, Germany, and Italy; Asia Pacific and Latin America
- Identification of the leading vendors together with their revenues and market shares by geography.

Key Findings & Highlights

NelsonHall's "Global Procurement BPO Market Forecast: 2014-2018" consists of 18 pages.

Procurement BPO remains one of the fastest growing BPO markets but one that is challenged by the need for local market knowledge and the fragmentation of the supplier population.

Contents
