Who Is This Vendor Assessment For?

NelsonHall's Digital Transformation case studies on Unisys provide examples of the organization's ability to transform a client's IT operations to capture digital opportunities. The case studies are designed for:

- Sourcing managers monitoring the capabilities of existing suppliers of IT services and identifying vendor suitability for digital transformation projects
- Vendor marketing, sales and business managers looking to benchmark themselves against their peers
- Financial analysts and investors specializing in the IT services industries and willing to understand model and growth opportunities around digital transformation.

Key Findings & Highlights

This report includes two digital case studies: one with the U.S. National Archives and Records Administration and one with the New Zealand Transportation Authority.

Contents

The full vendor assessment consists of 6 pages, including the following sections for each case study:

1. Background
2. Business Challenge
3. Nature of Transformation
4. Benefits Achieved
5. Outlook
